LactiLog™

Automated Data Collection System

Sensational Solutions
for Today...and Tomorrow!

LactiLog™
Automated Recording/Reporting System

A complete plug and play solution to automating data transfer and digitizing records, the LactiLog is custom-designed for unique reporting needs of the dairy industry. Simply connect the LactiCheck to your computer, download the LactiLog software and open the program – the results are then automatically recorded!

✔ Streamline data recording
✔ Easy access; transparent format
✔ Bar code compatible
✔ Eliminate costly transcription errors
✔ Instant availability of critical data facilitates management decisions

LactiLog™
Automated Data Collection System

A streamlined & straight-forward solution to both data collection and reporting needs!

Features and Benefits:

✔ Simple 'plug and play' installation. Connect the cable provided to your computer and the LactiCheck: Test recording begins automatically

✔ Readily integrated into existing systems

✔ Easy access, user configurable Suppliers and Products list for customized reporting needs

✔ Barcode compatible

✔ Tamper-proof data recording: Integrity of data is preserved through an encrypted file format for optimal security

✔ Sort by Supplier, Product or by Date

✔ Data is fully transferable thru comma separated (.csv) file format to standard spreadsheet programs for tracking and trending analysis, graphing and archiving

✔ Affordably introduces benefits of automated digitized data collection and real-time access to results for improving Process management analysis
